DEEP THOUGHTS
by Jack Handey

To me, it's a good idea to always carry two sacks of something when you walk around. In that way, if anybody says, "Hey, can you give me a hand?", you can say, "Sorry, got these sacks."

Please pick up the following handouts at the entrance doors to the lecture hall as you come in:

a) Special Homeworks for RSD ...

b) Test Preparation Homework #1, #2, #3, EM

1. Average on Basic Math MiniTest = 21/40 (53%)
The average on the BM MiniTest has almost always been 50% ± 5% for the past 14 years – although one time it was up to 60%.

Message: Make sure you VALIDATE your MASTERY of the material, particularly the flow of your thinking and procedure.

2. Reading Quiz 03 using online service Expert TA (www.theexpertta.com) is assigned for Lecture 06. Note that Expert TA lists this course as Phys23 Ss2013. The quiz must be completed online by 8:30 am on the day of the Lecture for which it is assigned.

3. Homework due in RSD 06 & 08 has changed – tomorrow’s has been simplified and reduced. (Note: Bieniek does not assign the homework – recitation instructors do. But Bieniek thought this assignment was too long – although surely you would have done it well.)

4. The web browser Firefox seems to be having some problems with displaying PDF files in certain versions of Adobe Reader. You may have to re-install Adobe Reader. If you encounter this problem, you can contact S&T’s IT Helpdesk (341-4951) – or go to the Walk-In Helpdesk in the university’s Library.
