

Physics 2135 End-Material Test
December 13, 2017

EM Test Total

/50

Printed Name: Key
(Must be easily readable to receive credit)

Recitation Section Letter: _____

Remove only the cover sheet and starting equations from the test before you begin. Write clearly on this page the answer you believe is the best or most nearly correct answer. You may also record the answers on your starting equation sheet for comparison with the answer key, which will be posted after all students have taken the test. When you finish both the 50-point End-Material Test and 200-point Final Exam, turn both in (with all pages, including this page, stapled together). You may keep the starting equation sheet.

Calculators are NOT allowed!

Each question is worth 6 points, except question 8, which is worth 8 points.

Your answers:

1. D

2. C

3. A

4. C

5. B

6. A

7. C

8. Any
